

At Rogerson Farms we take pride in offering a personal, cost effective solution to all your earthmoving requirements.

We prefer to work with you, the client, during your project whether it's a large scale earthmoving project or a small driveway. We run late model equipment so you get the latest technology available, and we also have specialist equipment for working in soft sensitive areas.

We are a farming based business so we are able to undertake any type of rural work:

- Diggers & Farm Drainage
- Farm Roads & Races
- Contouring & Mulching
- Effluent Pond Design/Build/Cleaning and Spreading
- Underpasses
- Sub-Soiling and Aeration
- Slurry Spreading, 14,000L Tanker
- Tractors & Trailers 18 Ton
- All Equipment on Floatation Tyres

COVERING THE GREATER WAIKATO AREA
